

AUTHORIZED SIGN-OUT

All children will be required to sign in and out of the building.

Only those listed on the registration form will be able to sign-out the camper. This list of people can be updated at any time by contacting the Camp Director.

Campers over the age of 10 can sign themselves in and out with written permission from their parent/guardian.

For the safety of your children, Camp Connect staff have the right to ask for identification to verify a person's identity. If identification cannot be provided, the child cannot be released.

Can I add a new authorized person?

Yes! It is best to write a note or send an email with the full name of the authorized person and their relationship to the camper.

We always suggest to give the Camp Director as much notice as possible if a different person will be picking up your child. This is to ensure our staff are aware and expecting a new person without being alarmed.

What happens if someone not listed in the registration arrives for pickup?

If the situation arises that a person comes to pick up a child and is not listed on the form, the parent/guardian will be contacted by the phone number provided in the registration for confirmation. If the parent/guardian cannot be reached, the child will not be released. If there is any threat to camper or staff safety, the police will be notified immediately.
